RESPONSE TO RESTRICTION REQUIREMENT

This is a response to an Office Action dated June 14, 2006 in which the Examiner requires Election/Restriction of claims directed to one species of the claimed invention. This response is filed two months after the one-month shortened statutory period for response set in the aforesaid Action. A petition for extension of time of two months is filed herewith.

Amendments to the claims begin on page 2 of this paper.

Response to Restriction begin on page 4 of this paper.
